

WPE Week 8b Lab Activity

Use Adobe Dreamweaver CS4 to complete the following lab activity.

Step 1: Login to your lab computer or personal computer (PC).

Step 2: Using windows explorer go to your Documents folder and create a folder called week8. This week8 folder will be used for week8 lab activity.

Step 3: Open Adobe Dreamweaver CS4 and create two HTML files, one named index.html and other aboutUs.html

Step 4: Type or copy paste the following HTML syntax into your index.html file.

```
<!DOCTYPE html>

<html>

<head>

<meta charset="utf-8">

Step 6: Go to File/Save to save your webpages as index.html and aboutUs.html separately.

IMPORTANT: save your webpage into the folder location Documents/week8

Step 7: Go to File/Preview in Browser/Firefox; to test and view your webpages

Step 8: Your index.html webpage should now appear as shown in the figure below.

Step 9: Your aboutUs.html webpage should now appear as shown in the figure below.

Step 10: Click on your navigation menu link to move between pages.

Step 11: Create the other four HTML pages for each menu link. Use the syntax of the current pages to create a standard website UI and UX. Examples of what the pages should look like are shown below. Happy coding students...

Adopt an Aardvark

Give a snout a new start.

Ready to welcome an aardvark into your life? Our adoption program connects gentle, rehabilitated aardvarks with loving homes. Each adoption helps us continue our mission of rescue and education.

How It Works

1. **Browse Available Aardvarks** Meet our current residents and learn about their personalities, habits, and special needs.
2. **Submit an Application** Fill out our online form to tell us about your home, lifestyle, and experience with animals.
3. **Home Visit & Approval** Our team will schedule a visit to ensure your space is safe and suitable for aardvark living.
4. **Meet & Greet** Spend time with your potential aardvark match to build trust and connection.
5. **Final Adoption** Once approved, you'll receive care instructions, support resources, and a welcome kit.

What You'll Need

- A quiet, secure outdoor space for digging
- A temperature-controlled shelter
- A diet of ants, termites, and specialized supplements
- Patience and love for a nocturnal lifestyle

Adoption Fee

A one-time fee of \$150 helps cover medical care, food, and ongoing support.

Aardvark Care Tips

[Home](#)[About Us](#)[Adopt an Aardvark](#)[Care Tips](#)[Events](#)[Contact Us](#)

Because every aardvark deserves thoughtful care.

Caring for an aardvark is a unique and rewarding experience. These gentle creatures have specific needs that require attention, patience, and love. Here are some essential tips to help you provide the best home possible.

Habitat & Environment

- **Space to Dig:** Aardvarks love to burrow. Provide a secure outdoor area with soft soil or sand.
- **Shelter:** They need a temperature-controlled shelter to stay warm and dry, especially during cooler months.
- **Quiet Zones:** Aardvarks are solitary and nocturnal—create a peaceful space for daytime rest.

Diet & Nutrition

- **Insects:** Their natural diet includes ants and termites. You can supplement with insect-based pet food or specialized aardvark pellets.
- **Hydration:** Always provide fresh water in a shallow, sturdy bowl.
- **Feeding Time:** Feed in the evening to match their nocturnal habits.

Health & Hygiene

- **Regular Checkups:** Schedule vet visits with exotic animal specialists.
- **Clean Living Space:** Remove waste and refresh bedding regularly.
- **Watch for Signs:** Lethargy, loss of appetite, or unusual digging behavior may signal health issues.

Enrichment & Bonding

- **Toys & Challenges:** Puzzle feeders and scent trails keep them mentally stimulated.
- **Gentle Interaction:** Let them approach you on their terms. Respect their need for space.
- **Routine:** A consistent schedule helps reduce stress.
